

The most efficient and secure  
digital signature platform for the  
whole of Europe.

 100% legally binding

 100% GDPR compliant

**IMPORTANT DECISIONS  
START WITH A SIGNATURE.**

# IT'S TIME TO SIGN.

## **Personnel effort & waiting times**

The analogue collection and issuing of signatures requires a lot of preparation time, long approval processes and superfluous appointments.

## **Resource & environmental impact**

Analogue signature processes often cause unnoticed, high personnel, printing, paper, dispatch and archiving costs.

# SIMPLE, SECURE, SIGNING.

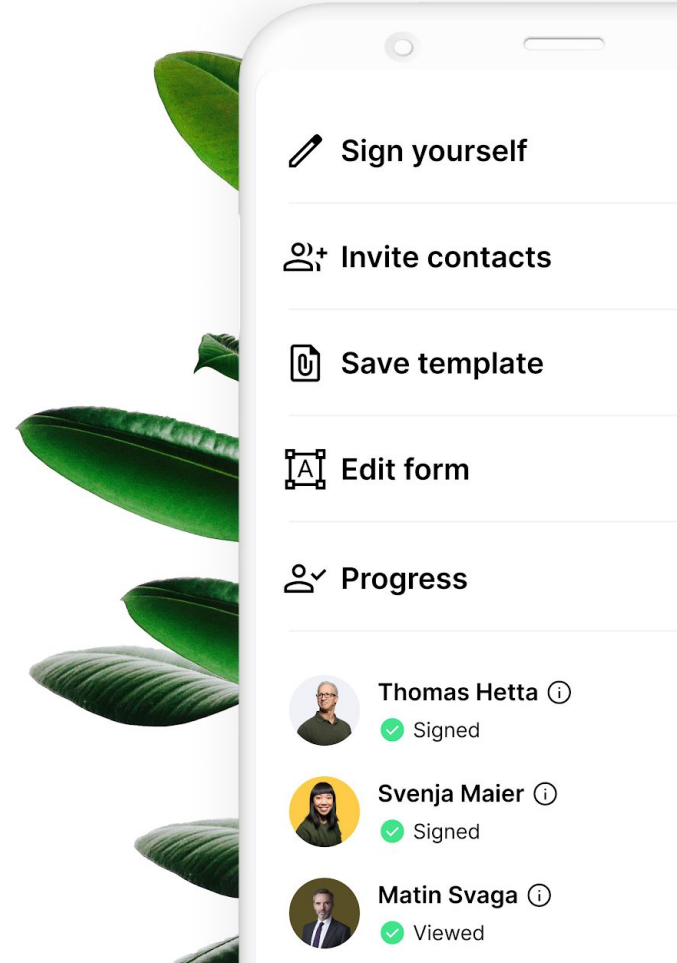

## Maximum efficiency & safe decision-making

Highly efficient internal and external signature processes. Simple, secure and intuitive. 100% legally valid signature.

## Conserve resources & the environment

Integrated in 2 hours. Save money and office resources. The climate protection potential is remarkable.

# WHY SPROOF SIGN

# SECURITY & CONFORMITY

- Cloud-Hosting exclusively in the EU
- No reference to the US
- 100% eIDAS compliant signatures
- 100% GDPR compliant
- FDA compliant

# ALL SIGNATURE STANDARDS

High evidential value

## AES

Advanced  
electronic  
Signature

Documents without a legal  
requirement to be in writing

Maximum probative value

## QES

Qualified  
electronic  
Signatur

Documents with legal writing  
requirement. The signature is 100%  
equivalent to the handwritten  
signature.

# REFERENZEN

## Sony DADC

"sproof is a game-changer.  
We save more than one  
worker. After only 12  
weeks, sproof has already  
paid off for us."

"We switched from  
DocuSign to sproof sign.  
We are more than  
satisfied."

"Undoubtedly the easiest  
and fastest process for  
obtaining signatures on the  
market."

"We had to wait for  
sproof because DocuSign  
was not an option. Clearly  
the NO.1 in terms of  
secure data storage and  
compliance."

"We have integrated sproof  
for our customers to  
ensure the best security  
and compliance  
standards."

"We switched from  
AdobeSign. Now our  
signature processes are 3x  
faster."

# ADVANTAGES IN NUMBERS

## 12.5 days

is the total working time saved per year thanks to 500 digitally processed signatures.

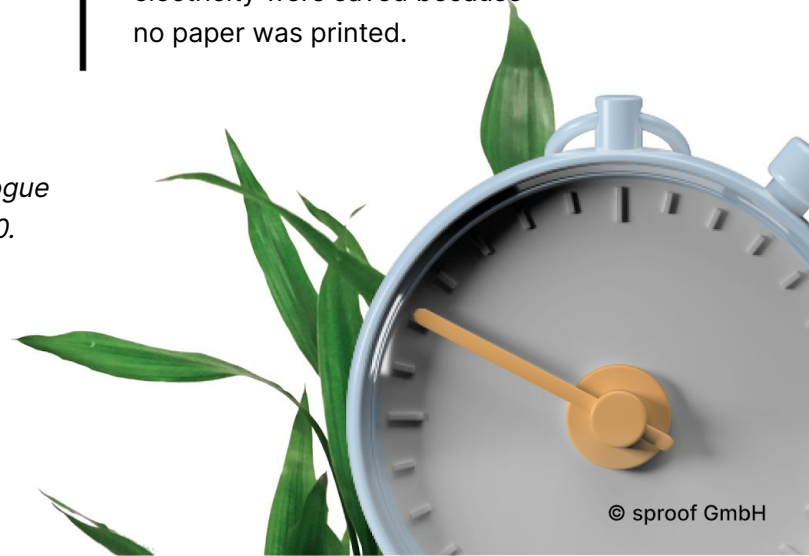

## 5k euros

are the savings in staff costs, as no time was wasted on scanning, printing and sending documents.

## 2kg Co2

or 7.5 kg of wood, 130 litres of water and 26.8 kWh of electricity were saved because no paper was printed.

*\*for a company signing 500 documents per year. We estimate that an analogue signing process takes 12 minutes and the average staff cost per hour is €50. 50% internal signatures. 50% externally collected signatures.*

# GET TO KNOW US

We understand how to honestly assess the potential of the digital signature depending on the use cases and the corporate culture.

## Arrange an appointment online now

We will find out online and easily how our solution fits your requirements.

Hi Svenja, I would like to remind you to final sign the document by next Friday.  
Best regards, Nadja

**"Hosted Services"** means [the hosted services that are made available by the Licensor to the User as a service via the Internet and may be accessed and used by means of the Software];

# QES HUB

sproof sign specialises in qualified electronic signatures and has integrated a wide range of eID providers throughout Europe.

Please sign this document with a legally valid qualified signature.

## End user licence

Please read this EULA carefully, as it sets out the Software for use.

Before you download the Software from our website, you agree to the provisions of this EULA.

1.1. This EULA applies to the extent expressed in the following provisions.

1.2. This EULA applies to the online sales and distribution of the Software and/or any of the Services;

"App Store Terms and Conditions" means the App Store that set out and apply to the Software and/or any of the Services;

"Charges" means [those amounts that shall be payable by the User to the Licensor];

"Effective Date" means [the date upon which this EULA has come into effect and the User has consented to this EULA];

"EULA" means [this end user licence agreement];

"Export Laws" means [all applicable laws and regulations];

(a) the inter-jurisdictional import, export, transmission of goods, services, software, data and/or information; and/or

(b) the import, export, supply, disclosure, transmission of goods, services, software, technology, technical information to designated entities or persons, or to designated classes of entities or persons;

"Force Majeure Event" means [an event, or a series of related events, that is outside the reasonable control of the party affected (including failures of the internet or any public telecommunications network, hacker attacks, denial of service attacks, virus or other malicious software attacks or infections, power failures, industrial disputes affecting any third party, changes to the law, disasters, epidemics, pandemics, explosions, fires, floods, riots, terrorist attacks and wars)];

**You were invited to join a team in  
sproof sign.**

**Hello Thomas,**

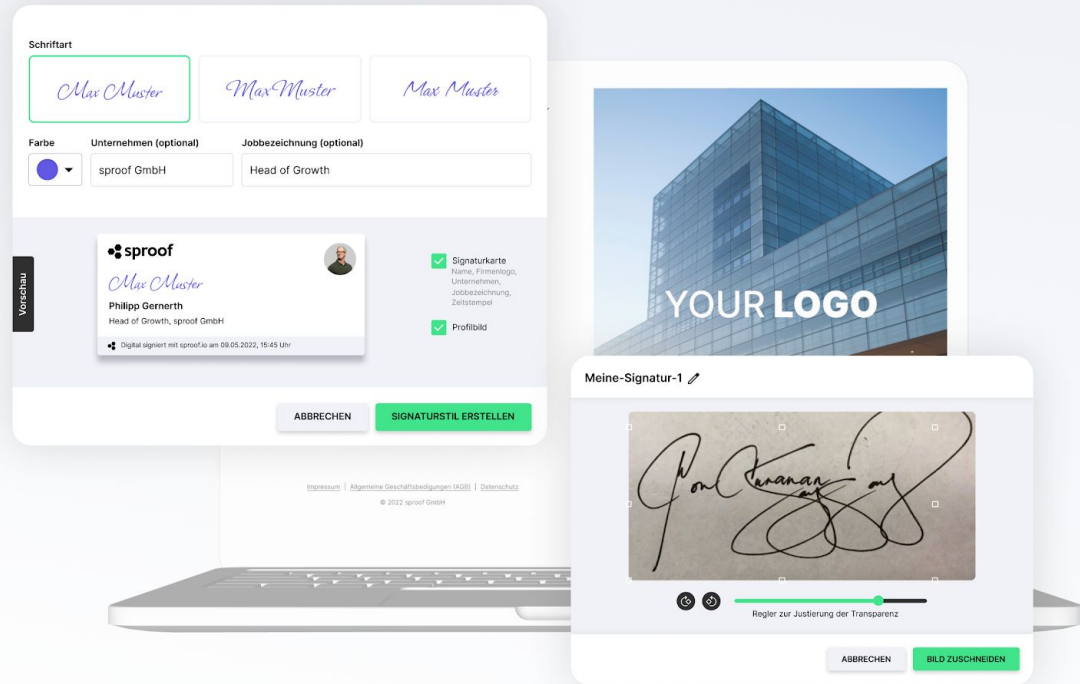

Mr. Müller has assigned you a license for sproof sign.  
From now on you can use the advantages of the digital  
signature.

**JOIN NOW**

# BRANDING & INDIVIDUALIZATION

Convince with uniform design,  
individual company branding and  
signature certificates.

# VERIFY SIGNATURES

sproof sign is eIDAS, FDA and DSGVO compliant. You can check the validity of all signature processes.

The illustration shows a laptop screen with the sproof web application. The browser address bar shows 'Beispieldokument.pdf'. The page title is 'Add labels to your document'. Below the browser, there is a blue bar with the text 'Form and click here to quit this mode SAVE FORM'. The main content area displays an 'AGREEMENT' form with placeholder text. To the right of the laptop, there are two circular profile pictures of men, each with a lock icon, representing verified signatures. Below each profile picture is a white box containing the signature details for Stephan Mayer and Clara Samson. The background features green ferns.
